

RINGWOOD SECONDARY COLLEGE

iPad Programme for 2023

The College has arranged for JB HiFi to be the preferred supplier. JB HiFi have created an online portal specifically for Ringwood Secondary College (RSC) via this link:

www.jbeducation.com.au/byod

Use **RingwoodSC2023** as the school code.

It is strongly recommended that **you complete your order by December 3rd** to avoid any possible supply issues. Once your order is placed, JB HiFi will deliver all devices to the College and the IT Services team will:

- set up the devices to connect to the RSC network
- install required certificates and permissions to use the College infrastructure (printers, Compass)
- connect the devices to our self-service software system so students can install all the software that we provide for free

We recommend that initially you purchase the following:

- iPad 9th Gen with AppleCare
- STM glass screen protector
- STM Dux keyboard
- ZAGG pro stylus

Use of alternative supplier

You may purchase a device from another supplier **or** use a device you already own, provided it meets these minimum specifications:

- iPad 7th Gen 128 MB, min iOS 15
- a compatible keyboard
- an Apple (or compatible) stylus

If you choose an alternative supplier, or are using your own device, the device **must** be delivered to the College Library between 9:00 am – 3:00 pm **Monday, 9th January and Thursday, 12th of January** so the device can be set up to work with RSC systems. Please ensure that the device has been signed out and reset.

All devices will be available for collection at a number of information sessions that will run in the week from **January 23rd to January 24th**.

Year 7 Learning Device Induction & Collection 2023

Please register with your child's name as known by the school at one of the four sessions, this is a student-only event in preparation for the start of Term 1. Each session is 2 hours.
